Ladders:

There was an open discussion about ladders and ways to improve the program. Some concerns, such as the need for supplies, were unknown to the board and will immediately be addressed. The board was also asked to consider consistency with courts and times, earlier registration, payment by other than cash and a subcommittee for ladders. Other questions included start times, playing on more than one ladder, and children's participation.

The meeting then was open to member questions and a suggestion was to consider cameras so that players can see whether or not the courts are crowded. This has been suggested in the past but due to lack of wifi has not been possible.

The general membership then adjourned at approximately 6:30pm.
